Epic Fishing Trips - https://www.epicfishingtrips.co.uk/ New Quay	Timothy Harrison	<p>Our Epic fishing trips take place in one of the UK's richest environments for marine wildlife. We are lucky enough to see some wonderful sights almost on a daily basis. From dolphins to porpoise and seals to rare sea birds, our trips are blessed with some amazing wildlife sightings.</p> <p>The bottlenose dolphins grow up to 4.5 metres in length and frequently will swim alongside the boat as we cruise to the fishing grounds. Whilst fishing the shy harbour porpoise sometimes passes by and a seal may pop up at any time.</p>
